ACP ASSOCIATION OF CONTINGENCY PLANNERS - Providing a powerful network for the advancement of the industry and the development of business continuity professionals.

VOLUME 3, ISSUE 5

MAY, 2012

## Quote of the Month

"It is the way we communicate with others that determines the quality of our lives..." *Anthony Robbins*. This is especially true during an incident.

### President's Comments...

The year is nearly half over. How is your annual exercise schedule holding up?

Please block out your calendar now for our upcoming chapter meetings. The topics for the rest of our 2012 meetings can be found on page 7. If you don't block the meeting dates now, it is so easy to let others keep you from attending by taking that time slot.

One area where I could really use your help is during our Overview of DRII Professional Practices meeting which is planned for November 6 but may swap with our September 11 meeting topic. I need 10 people to volunteer.

Yes, seriously! Each person would [quickly] cover a specific DRII Professional Practice. After the professional practice is covered, we plan to have a discussion about how the group applies the practice in the real world. This is a great way for North Texas ACP to reach out to new professionals in our field. If your manager is not familiar with business continuity and/or disaster recovery, bring him or her to the meeting, also.

Elections for chapter officers will be coming up quickly as the summer draws to a close. If you would like to know more about what is required for any of the positions, please reach out to any of your board members.

Hopefully, you aren't now in a panic. You did not miss the summer. But, keep an eye on your exercise schedule or that very well may consume your entire year!

Don't forget to sign up for our June 14 field trip to the National Weather Service in Norman, Oklahoma.

*-Mike*

## Welcome to...

### Career Corner:

My article this month is 8 Core Beliefs of Extraordinary Bosses. <http://www.inc.com/geoffrey-james/8-core-beliefs-of-extraordinary-bosses.html>

We all know that we are in charge of our own destiny; nothing can be daunting or more prophetic. Recently I took a mandated training class about Customer Service Excellence in the workplace, depending on how we see ourselves; our customers can be either internal employees or outside customers, where we try to do right by both. This brings us to our column today on "8 Core Beliefs of Extraordinary Bosses." Our positions lead us to be Project Managers and Program Managers, both requiring a delicate balancing act on influencing others. I encourage each of you to take a look on how you can be a leader in your own destiny.

Speaking of leadership, our Board is planning a few field trips for the summer months to make your membership more interesting and more rewarding. The first one is the trip to Norman, Oklahoma to the National Weather Service. If you have not already done so, please contact Mia at: [Miachelle.marzullo@lexisnexis.com](mailto:Miachelle.marzullo@lexisnexis.com) to secure your reservation, no later than June 1, 2012. The cost is \$35.00 and checks payable to North Texas ACP should be sent to:

Comerica Bank  
PO Box 650282  
Mail Code: 6527  
Dallas, TX 75265-0282

Attention: Jerry Knight

The second one will be in August will be in Fort Worth at Bureau of Engraving, from a Risk Management perspective. You can bet managing money is a very risky business. Please plan on attending if you can.

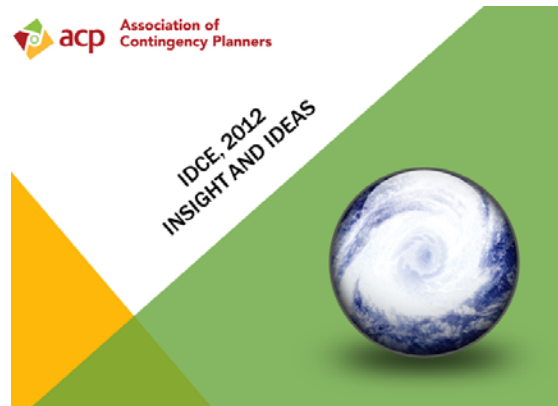

Remember you too can also be an Extraordinary Boss, take the time to develop you career to where you want it to be.

Susan

*Again, all of this information will be driven from what you are interested in. Please contact me at [Susan.Guinn@citi.com](mailto:Susan.Guinn@citi.com) or at 469-220-8604. I want to hear your ideas and thoughts on Career Development.*
