

President's Address

Each year since I became president of the Chapter, I create a wish list of initiatives (AKA putting some seeds out there for those who saw my presentation at the January meeting). I look for members to volunteer for any of the initiatives that interest you. Maybe you like writing? are visually creative? enjoy AV? want to explore marketing? enjoy networking? (Please keep reading either way). Each member's experience in the North TX ACP chapter is unique as we offer the opportunity to contribute to our Chapter, our Legacy, and our community. We have all seen how a small group of individuals, focused on one objective, can make the difference. This year is no different and I announced them at the Chapter meeting this past January.

So why should you take time to check out the initiatives and volunteer for one or more of them? Everyone is different, so there is no one answer. But it is an opportunity to step up and see what you and other members might be able to do with an idea. Over the years I have had the opportunity to learn & grow from many of you through your experiences. It is amazing what your fellow members can help with. In fact, recently I totaled up how many years of experience our Chapter members have in the industry, that is an amazing 1,579 years of experience to tap into!

As President, I enjoy seeing new ideas and concepts, never knowing what will work. Over the past couple of years, we have seen ideas led by members take off. Our Think Tank is now going extremely well. Member discounts at conferences is appreciated by many. Our partnership with Academia helped deliver multiple videos and we have engaged with UTD, UNT, and Collin College. Our Booth in a Box which we staff at conferences helped drive new member engagement this past year, 17 in fact, as we expanded awareness of our Network. Just a little focused effort can make big difference.

So today I personally ask each of you to take a few moments and look over the list at the link below. Find something you might like to do and submit your name online. I will contact you to give you more information, but the first step is letting us know you are interested. Thank you in advance for your membership and for helping out. Many of you know Dianne Stephens, the chapter Mentorship Director. Her son Jason recently had a sudden medical emergency and was rushed to the ICU. He is surrounded by love, support, and prayers. If you would like to know more about his condition, offer your support or to contribute to the GoFundMe to help with medical expenses, please check out the following Facebook [link](#).
